

**BoostLine Products Reseller Minimum Advertised Price Policy
Effective August 1st, 2020**

BoostLine Products Minimum Advertised Price Policy (MAP Policy) Introduction: As the leading producer of forged racing pistons and other engine related components, BoostLine Products is very proud of its role in introducing quality product solutions to the Automotive & Powersports industries around the world. BoostLine Products also values its reputation for building high quality engineered, manufactured and innovative products in the marketplace.

BoostLine Products recognizes that our Distributors/Dealers invest a lot of time and resources into educating the public about BoostLine Products, training knowledgeable staff, and providing customer support services. BoostLine Products is committed to supporting these efforts of our Distributors/Dealers and maintaining the reputation of BoostLine Products for quality and innovation.

To maintain the high level of customer confidence in the quality of BoostLine Products and the BoostLine Products brand, and to protect the investment of our Distributors/Dealers, BoostLine Products has unilaterally adopted a BoostLine Products Minimum Advertised Price Policy (MAP). The MAP Policy was chiefly adopted because Reseller advertising and sales practices, which promote BoostLine Products primarily based on price would be detrimental to BoostLine Products quality reputation, Distributors/Dealers' educational training and customer support efforts along with BoostLine Products' competitive position. Such activities can be harmful to BoostLine Products' brand, reputation, and competitiveness; and allow some Resellers to take advantage of the educational training, and customer support efforts of others. BoostLine Products believes that such practices are unfair and discourages such efforts.

BoostLine Products, in its unilateral discretion, will not do business with any Reseller that intentionally advertises any BoostLine Products product below its MAP price. BoostLine Products believes that enforcement of the MAP Policy will make BoostLine Products more competitive and benefit all its Distributors/Dealers. (Please see MAP Price Sheet www.jepistons.com).

Section 1: Policy

1. BoostLine Products recognizes that any **Distributor/Dealer/Reseller, herein referred to as Reseller** (Reseller defined as any entity reselling product for financial gain) can make its own independent decisions to advertise and sell any BoostLine Products product at any price it chooses without consulting or advising BoostLine Products. However, BoostLine Products similarly has the right to make its own independent decisions regarding product allocations and participation of a Reseller.
2. BoostLine Products reserves the right, in its unilateral discretion, to take any action with respect to any Reseller that violates this MAP Policy. This includes without limitation the right not to sell BoostLine Products to any reseller that violates this MAP Policy. Any Reseller determined by BoostLine Products to have violated this MAP Policy agrees to cease using BoostLine Products intellectual property (Trademarks and Patents) on any online or physical store or in any advertisement.
3. BoostLine Products, at its sole discretion, may hire a third party to monitor or enforce the MAP Policy.
4. BoostLine Products shall maintain an updated BoostLine Products Price List (see MAP Price Sheet www.jepistons.com) of selected BoostLine Products that will fall under this MAP Policy. BoostLine Products reserves the right to update or modify this list at any time.
5. All products listed will have a MAP price (see MAP Price Sheet www.jepistons.com) Listing a price which is lower than the MAP price next to the featured MAP product in any advertising will be viewed as a violation of this MAP Policy. This MAP Policy applies to all advertisement of BoostLine Products in any and all print and digital media. Many websites include features such as "Click for Price," automated "bounce – back" pricing e-mails, preformatted e-mail responses, forms, automatic price display for any items prior to being placed in a customer's shopping cart, or other similar features which are all considered "advertising" under this MAP Policy. This MAP Policy also applies to any activity which BoostLine Products, in its sole discretion, determines to be designed or intended to circumvent the intent of this MAP Policy including solicitations for "group purchase" and the like.
6. Where BoostLine Products are bundled with or sold as part of a package that includes other products, it shall be a violation of the MAP Policy to sell or advertise the bundle at a price that: (a) is lower than the total MAP of BoostLine Products in the bundle or (b) violates the letter or spirit of the MAP Policy. It shall also be a violation of the MAP Policy if products are bundled with or sold as part of a package that includes products not pre-approved by BoostLine Products. Pre-approved products have been approved by BoostLine Products to ensure the product is up to BoostLine Products standards.
7. It shall be a violation of this MAP Policy to include in any advertising for BoostLine Products any additional discount, coupon, gift card, or other incentive that translates into an immediate price reduction, where the cumulative effect would be to reduce the advertised price of any BoostLine Products below MAP. Any such advertising will also be considered considering the

requirements of Section 6 above. For example, a gift card redeemable on a future purchase would be considered an "other product" under Section 6 and would be a violation of this MAP Policy.

8. If a reseller has multiple stores and violates this MAP Policy with any store, BoostLine Products will consider this to be a violation by all the Reseller's locations.

9. Resellers remain free to establish their own resale prices, but BoostLine Products reserves the right to cancel all orders, indefinitely refuse to accept any new orders, according to published **Do Not Sell List** (DNS List to Authorized or Unauthorized Resellers www.jepistons.com) and terminate the Account status of any Reseller following BoostLine Products' verification that such Reseller has advertised any BoostLine Products at a net sales price less than the current MAP price established by BoostLine Products, or if the Reseller has violated this policy in any other way.

Furthermore, Distributors/Dealers are responsible for monitoring to whom they sell to. If the Reseller, or customer is violating the MAP pricing, and are placed on the Do Not Sell List. Do Not Sell List (DNS); DNS shall be comprised of any individual, or business entity that has lost the right to sell or promote BoostLine Products based on the terms of this MAP Policy. The Distributor/Dealer is responsible for not selling that customer. If the Distributors/Dealers is determined, to be selling the customer listed on the DNS list, the Distributors/Dealers will also be in violation, and subject to enforcement penalties

BoostLine Products reserves the right to impose more severe sanctions at its sole discretion if the MAP Administrator believe that is justified and necessary to enforce the policy. BoostLine Products need not provide prior notice or issue warnings before taking any action under this MAP Policy.
